**The Middle / High School / GED Program** at Hui Malama Learning Center provides students with a positive learning experience while focusing on a project based curricula in the areas of science, technology, engineering and math. We assist students to become lifelong learners and critical thinkers by developing essential academic competencies and encouraging appropriate and responsible life choices. Students will learn how to access resources; problem-solve and develop lifeskills relevant to their community and personal goals. Students will have the opportunity to explore secondary educational, vocational and employment possibilities.

**Class placement is based on age; test scores  
and availability of classes.**
